Has anyone thought of any creative ways to promote your Spinning Nation Event to help your staff raise their \$250? I have a few staff members that are not looking forward to asking people for money, and would appreciate any great ideas!!

Thanks!

Need some fundraising ideas!!

My guess is that you have quite a few fund-raising pros at your club. Talk to the "charity ride bikers" or the long distance runners that do charity runs/tri's. They will tell you how easy it is. Get a couple of them to champion your cause and it should help put those anxious members at ease.

\$12.5 from 20 people is easy..really it is. They don't have to be all from the local area-out of towners can contribute as well.

Hi all. I happen to be the webmaster for Spinning Nation. I just thought I would let you know to watch the website soon as we will be posting a page: **"How to Raise \$500 in 5 days"** shortly. We are just getting final approvals now on the formatting...

I will also ask Active to post a link to it from this community forum when it is technically live (in the general area of the registration links).

Keep up the great work! Together we will make a huge impact in the fight against cancers and AIDS!
