Hello all.

I currently play soccer for the adult soccer league @ my YMCA. I am thoroughly enjoying it! Quite a few of the others playes as well as myself would like to find a field as well as other players to get together with on Saturdays for pick up games of soccer when the current season finishes in a few weeks. Any one interested or know of a field we could utilize in the general orlando/oviedo florida area would be great.

Thanx!

Well we can't move the fields to Orlando, but we have the best fields and summer adult league in the state.
